

1976, he stepped forward to offer a site at the Boston Campus for the Kennedy Presidential Library where it stands today.

While focused on higher education, Robert Wood also became a key player in elementary and secondary education. While at the university, he chaired the Citywide Coordinating Council, which was charged with overseeing the court ordered desegregation of the Boston Public School System. Later, the School Committee chose him to be Superintendent of Schools, where he labored intensively to find long-term solutions to the dilemmas of school desegregation and school quality in a city recently torn by racial strife.

In 1983, Wesleyan University invited him to become the Henry Luce Professor of Democratic Institutions and the Social Order, and Professor Wood dedicated the next ten years to teaching and inspiring future leaders to take up the work of public service. Today, his former students can be found in town halls and statehouses across the country as well as in the halls of government in Washington, DC.

In recognition of this rare career combining groundbreaking scholarship with dedicated public service, the American Political Science Association gave Robert C. Wood its Hubert H. Humphrey Award in 1986.

In 1993, Professor Wood returned to Boston and the Boston campus of the University of Massachusetts where he continued as a teacher of students and a mentor of public officials and academic colleagues.

His contributions to individuals, institutions and to our Nation have been great, and I thank him and wish him a happy birthday.●

THE SAUGUS BOYS OF SUMMER

● Mr. KENNEDY. Mr. President, on behalf of myself and Mr. KERRY, I welcome this opportunity to congratulate the Little League baseball team of Saugus, MA for their extraordinary season and their outstanding performance in the recent Little League World Series.

Throughout those wonderful weeks in August, these 12 young players—Ryan Bateman, Tyler Calla, Craig Cole, Anthony DiSciscio, David Ferreira, Tyler Grillo, Joe Kazabuski, Matthew Muldoon, Yano Petruzzelli, Dario Pizzano, Mark Sacco, and Michael Scuzzarella—their Manager Rob Rochenski, and their coaches, Mike Ferreira and Bob Calla, showed us how thrilling the Nation's great pastime can be, and how well it can be played.

With great skill and great teamwork, they won the State Championship. They won the New England Championship. They reached the United States Championship game. And in every exciting game they played, the team was hard working and dedicated, and they consistently maintained the highest level of sportsmanship.

All of their hard work and talent took the team as far as any Massachusetts team in Little League history. In doing so, they captured the hearts of people across Massachusetts and in many parts of the Nation as well.

In the World Series, this remarkable team of young men sent our spirit soaring with four straight one-run victories. And none was more dramatic than their final victory of the tournament—a stunning, come-from-behind success. The team lost a six-run lead in the final regular inning, and then went down by three runs in extra innings. But they never gave up. They demonstrated their courage and determination and achieved an amazing comeback in their last at bat. By the score of 14-13, they prevailed in one of the greatest games in Little League World Series history.

In the end, the Saugus team was defeated in the U.S. Championship final, and finished in fourth place among the more than 7,000 Little League All Star teams that participated in the tournament worldwide—a brilliant accomplishment by any standard.

Fifty years after the original Boys of Summer rose to greatness, baseball fans throughout the Commonwealth of Massachusetts celebrated our own Boys of Summer in their spectacular success last month. With great pride, I extend my and Senator KERRY's heartfelt congratulations to our "Boys of Summer" and their parents, families and fans who gave them such strong support. I'm extremely proud of them and their accomplishments. I wish them great success in the years ahead—and I hope the Red Sox scouts were taking notice.●

TRIBUTE TO JANE STEPHENSON

● Mr. BUNNING. Mr. President, I pay tribute to Jane Stephenson, a former college administrator and founder of the New Opportunity School for Women, NOSW. Ms. Stephenson's charity and innovation has given many women in eastern Kentucky a renewed vigor for life and an improved sense of self-worth.

In 1987, Ms. Stephenson founded NOSW as an institution of free instruction for women of Appalachia. Headquartered in Berea, KY, NOSW draws women from all over the Appalachian region for 3 weeks of classes in job hunting, public speaking, literature, self-defense, and personal style. Additionally, students of NOSW are afforded opportunities to visit cultural institutions such as the Kentucky Horse Park and the Cincinnati Art Museum. Most women enrolled in NOSW are middle-aged and come from low income homes. Were it not for Ms. Stephenson's benevolent vision, these women would have little opportunity to improve their positions in society.

In addition to encouraging self-awareness and improvement, Ms. Stephenson and NOSW instill the importance of community service in stu-

dents. Often, graduates from NOSW find new jobs in the social service sector as a result of their experience as care givers fostered by NOSW. Other graduates continue their education. In fact, approximately 75 percent of the 400 alumni of NOSW have either pursued GEDs and college degrees, or found new employment opportunities.

Ms. Stephenson retired as director of the school several years ago, but she still serves in the capacity of teacher and fundraiser. She is an exemplar of charity and selflessness and is one to be emulated nationwide. Ms. Stephenson's vision has reaped innumerable benefits in the lives of hundreds of women of Appalachia. I thank the Senate for allowing me to pay tribute to this remarkable woman.●

TRIBUTE TO MARJORIE BROOKS

● Mr. JEFFORDS. Mr. President, as Senators, we are accustomed to the glare of the public spotlight which sometimes gives us more credit than we deserve. There are those, however, who work tirelessly for those in their community without such recognition.

I wish to recognize one of those persons who works behind the scenes to make our country a better place to live. Marjorie Brooks, of Glover, was killed on Monday, August 25, 2003 while responding to a person in need.

Brooks was riding in an emergency vehicle that rolled over enroute to assist at the scene of a vehicle accident.

Marjorie Brooks was captain and president of the Barton Emergency Medical Services and had served on the squad for more than 25 years. She was planning to retire in September.

"Marge and her family are really a part of the history of emergency medical services in Barton, the Northeast Kingdom, and Vermont as a whole," said Dan Manz, chief of Emergency Medical Services for the State Department of Health. "Marge has embodied the best of community-based emergency medical care. She touched thousands of lives as an EMT." I couldn't have said it better myself.

The State of Vermont, including all those she served, has suffered a great loss in her death. I hope her family, including her son, Phil Brooks, who is the Secretary-Treasurer of the Barton EMS, finds the strength they need in coping with this tragic loss.

Marjorie was a true public servant, and Vermont mourns her loss.●

IN RECOGNITION OF WILLIAM E. JOHNSON

● Mr. BOND. Mr. President, today I wish to pay tribute to the outstanding achievements and public service of Mr. William E. Johnson.

I have had the honor of working with Bill over the years. This month Bill will be honored for his 40 years of dedication and service to the citizens of Audrain County and the State of Missouri.

As a pioneer for home health in Audrain County, Bill was instrumental in the Audrain City-County Health Unit establishing a home health agency in 1963 which has since expanded to include four more home health units. Bill has also taken a considerable leadership role in home health care serving as president of the Missouri Alliance for Home Care, MAHC, from 1981 to 1982 and as a member of the board of MAHC for 9 years between 1977 and 1988. There is no question that he has been an innovator in the field of home health care in Missouri.

While Bill continues to display tireless commitment to home health care, which includes serving as administrator for the Audrain City-County Health Unit for the last 35 years, his generosity and hard work for the health and well being for the citizens of Audrain County and Missouri expands well beyond that of home health care. In addition to being a leader in the inception of the Rural Health Administrators, serving on the Partnership Council of the Department of Health/Local Health Department and serving on the Partnership Council Environmental Committee he has been active in the Department of Health and Senior Services, the Meals on Wheels program and as a member of the Audrain County Human Development Corporation since 1965.

Today I ask the Senate to join me in honoring Bill's distinguished career in public health and public service.●

WALTER "SALTY" BRINE'S 85TH BIRTHDAY

● Mr. REED. Mr. President, on August 5, 2003, an icon in my home State of Rhode Island celebrated his 85th birthday. Walter "Salty" Brine was hired by WPRO-AM in 1942 and took over as morning host in 1943 where he stayed for 50 years.

Salty entertained Rhode Islanders on radio and television with his enthusiasm, family friendly programming and his love for Rhode Island and its coastline. In fact, it is his love for the water which earned him the nickname "Salty." But, Salty's contribution to Rhode Island has been more than just entertainment. He has been a consistent supporter of charitable organizations and an inspiration for the disabled.

Brine has been a role model for Rhode Islanders and has been named a member of the National Commission for the March of Dimes, National Commission on Muscular Dystrophy, and both the President's and Rhode Island's committees on the employment of the handicapped. He has been a supporter of the Meeting Street School for Crippled Children and the Rhode Island Association for Retarded Children. Brine was named the recipient of the 1999 Nellie A. Greenwood Humanitarian Award and numerous other honors have been bestowed on Salty by organizations such as the Cranston Jaycees,

Rhode Island Big Brother, Veterans of Foreign Wars and American Legion.

Brine lent his support to the Lt. Governor's Rhode Island Fights Back Program that asked the public to help support local businesses that suffered after September 11.

Brine's love for the water has led to his involvement in the preservation of State beaches and waterways. He is on the Board of Trustees of Save the Bay and in 1990, a State beach was named in his honor.

As an on air personality it was Salty's folksy, contagious enthusiasm that endeared him to the Rhode Island public. Almost every lifelong Rhode Islander, young and old, can remember Brine's winter storm school closings announcements, highlighted by a line that has become a unique part of Rhode Island culture, "No school Foster-Gloester!"

Brine dominated morning radio on WPRO for decades and he remained a ratings winner until he left WPRO in 1993, though he continued to make the famous school closing announcements from home during snowy Rhode Island winters. WPRO's broadcast center is now named after him.

I first glimpsed Salty back in the 1950s when he came to visit his son, Wally, at St. Matthew's School in Cranston. Wally and I were grade school classmates. Salty was the first "celebrity" I ever saw in person. Almost 50 years later, he's still the best as well as the first.

In the early days of television Brine developed "Salty Brine's Shack," a children's show that ran on Channel 12 from 1958 to 1968. Many still remember Brine closing the show telling kids to "Brush your teeth and say your prayers."

Rhode Island has certainly been lucky to have Salty Brine and in an interview with the Providence Journal Brine expressed a mutual love, "I've been very lucky," he said. "I've had the most wonderful association with the State of Rhode Island anyone could ever have."●
